Other Registration Messages

You may receive other registration messages when attempting to enroll in courses. Below are possible examples of registration errors:

- ❖ You do not meet the prerequisite or corequisite. This could be a course, GPA, test score or program requirement. Check the catalog course description to see what the requirements are for the course.
- ❖ The course you chose has a time conflict with another course you already have on your schedule. Select a course at a different time to avoid the conflict.

Dropping a Class

Once you are registered in courses, they will be listed like the example below. Notice that each course has a drop down box in the Action column. Click in the drop down box to see the list of options related to that class. Your choices will vary depending on the date in the semester.

If you are dropping a course before school starts, the “Web Drop” will be the option you see to drop the course (you will not be charged for the course).

If you are dropping a course after classes have started, the “Web Withdrawn Course ” will be the option you see to drop the course. This means that you can drop the course but you forfeit the money you paid for it.

You will only be able to withdraw/drop from a course during the time period designated by your institution.

To add a class, enter the Course Reference Number in the Add Classes section. To drop a class, use the options available in the Action pull-down list.

If you would like to complete a full withdrawal from ALL courses, please click [here](#).
