

# MSSC Certified Logistics Associate - CLA

## Course Description:

This virtual course is designed to provide students with foundational-level knowledge of the world of supply chain logistics. This course covers the material handling aspect of the global supply chain and describes the foundational knowledge that front-line material handling workers should master to perform well. It is designed to give students a broad overview of the industry and how the frontline worker fits into that environment. It is the prerequisite for the Certified Logistics Technician (CLT) training course. 30 clock hours
