

Credit Earned for Fire/EMS Certifications Held

Upon completion of twelve (12) credit hours of approved Fire Science/EMS courses at CVCC, students may be awarded credit for fire service/EMS certifications that meet relevant national standards as determined by the Director of Public Safety. A maximum of 17 hours of non-traditional credit may be awarded and applied toward graduation. Official certification of completion of approved Fire Academy work must be submitted to the Admissions Office. Certifications must be either an academic transcript from an accredited college, certificate of completion, or a letter on official letterhead from the Fire Academy.
