Message from the President

Greetings on behalf of the Chattahoochee Valley Community College (CVCC) Family!

CVCC is proud to present its **2016-2021 Fact Book**, which is a statistical compilation of information on our product of work over a five-year period. To say the least, during the 2020-2021 academic year, COVID-19 impacted our College in ways that we were unable to foresee. Much of that impact is reflected in our enrollment and student outcomes. We were faced with many challenges; however, CVCC remains a jewel in this community and an excellent educational resource for the citizens in the Chattahoochee Valley region.

To fulfill our mission, we offer adult education, workforce development, academic transfer preparation, and career and technical educational training. Whether our students are returning to our College or enrolling with us for the first time, we have addressed their needs with vigor. Our goal is to be as transparent, accessible, and resourceful as possible to both internal and external stakeholders. We share the information contained in this *Fact Book* with transparency and a desire to provide a better service to our constituents in mind. This information provides a framework for improvement to meet the everchanging needs of our students and the community at large.

We are committed to excellence in customer service as well as educational delivery. The College has positioned itself to engage students in the classroom and empower them by being willing and eager participants in their educational pursuits. We are preparing students to enter the labor market, advance to four-year colleges and universities, become leaders and providers for their families, and be responsible citizens in the community. We take our jobs as educational leaders very seriously, and we are dedicated to providing the best possible service to the citizens of this area. We hope this *Fact Book* offers insight on the challenges, opportunities, and accomplishments of the College and provides a better understanding of our value to this community.

Thank you for your review of this *Fact Book* and for your support of the College!

Jacqueline B. Screws
President
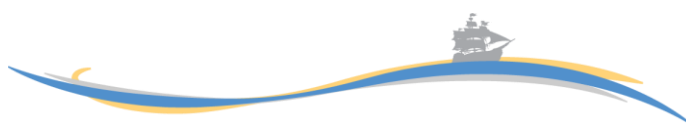

History

Chattahoochee Valley Community College was established in 1973 by an Act of the Alabama State Legislature. Located in Phenix City, Alabama, the College was created to serve the citizens of Russell County and parts of Bullock, Lee, Macon, and Barbour counties. It also serves the citizens of the Phenix City, Alabama, and the Fort Benning-Columbus, Georgia, metropolitan area. Because this service area contains both rural and urban areas, the educational needs of the citizens are varied. The College opened in temporary quarters in January 1974. In 1976, the College moved to its present permanent location at 2602 College Drive. The College is located on 103 acres that includes 9 instructional and academic/student services buildings including the following: Owen Hall, Industry Training Center, Fine Arts, Brassell Hall, Wilson Hall, Wallace Hall, IPAC Building, Key Hall, and the recently purchased Adams Building. There are 2 campus support facilities (Security Building and a Greenhouse). Lastly, there are 2 athletic fields (Baseball and Softball).
