CA and WIOA APPROVED

Applications for CA and WIOA funding must be completed by December 17, 2021

In the event face-to-face classes are prohibited due to policies regarding COVID19, classes will be offered virtually if scheduled.

This combined 150 hour billing and coding course offers the skills needed to solve insurance billing problems, how to manually file claims (using the Current Procedural Terminology (CPT) and International Classification of Diseases (ICD) - 10 manual), complete common insurance forms, trace delinquent claims, appeal denied claims and use generic forms to streamline billing procedures. The course covers the following areas: CPT (Introduction, Guidelines, Evaluation and Management), specialty fields (such as surgery, radiology and laboratory), ICD - 10 (Introduction and Guidelines) and basic claims processes for medical insurance and third party reimbursements. Students will learn how to find the service and codes using manuals, (CPT, ICD - 10 and Healthcare Common Procedure Coding System).
